

JUSTICE FOR ALL

ACCESSING THE PROMISE

Pre Paid Legal will be featured on Court TV!

Justice for all is a nice idea, but does it really happen in our courtrooms when lawyer fees seem to be outside of the average person's budget? The majority of injustices never find their way into the courtroom. As life happens around us, there are times when unfairness rears its ugly head. The examples are limitless:

- A company denies a warranty claim
- A service provider overcharges a client
- A credit card company takes advantage of a person they claim to want to help
- and thousands more...

When it happens, perhaps we make a few calls, talk to a few supervisors, but sadly, most of us are forced to pay the fee of whatever injustice that day brought and move on.

It doesn't have to work that way.

More than 3 ½ decades ago Pre-Paid Legal became a pioneer in the legal industry and today provides access to justice for common, and not so common, life events to over 1.5 million members.

We invite you to watch this documentary and discover justice for yourself.
